TUX STORIES

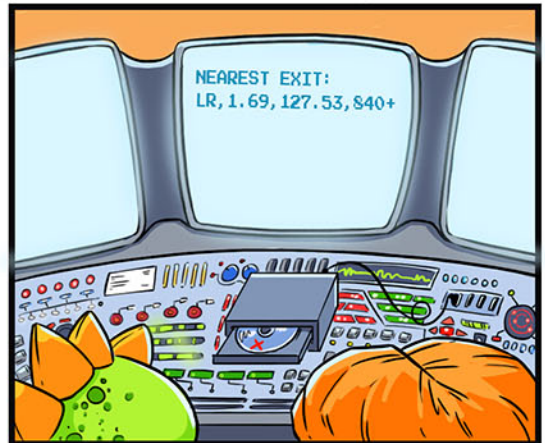

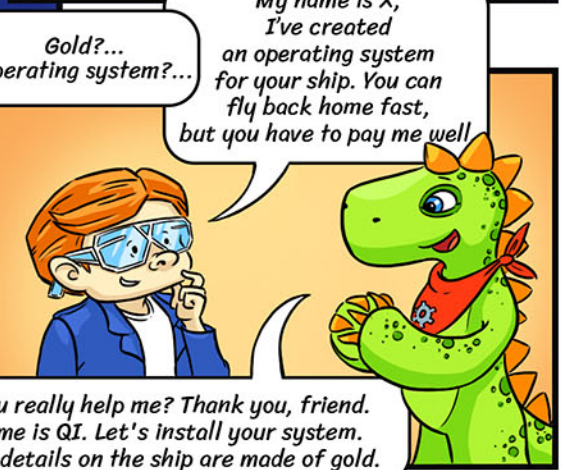

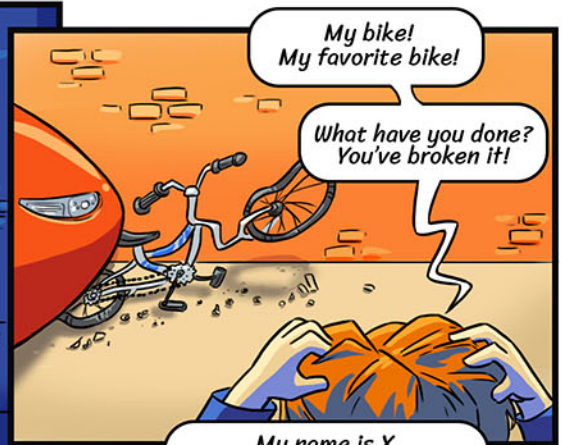

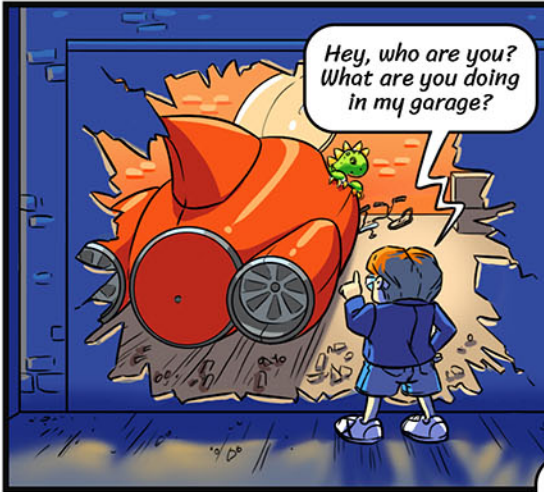

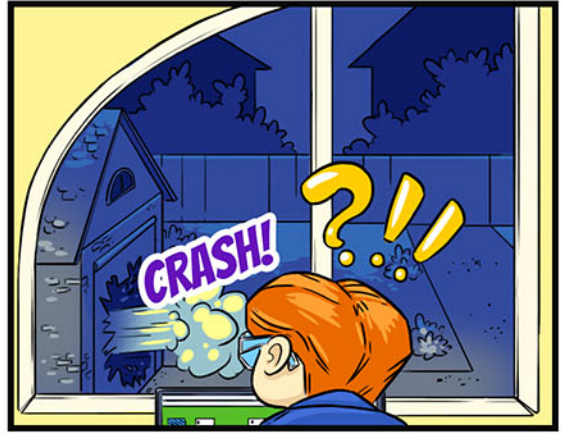

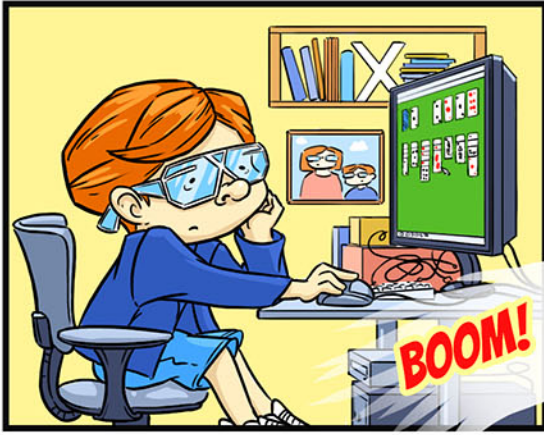

MEET QI

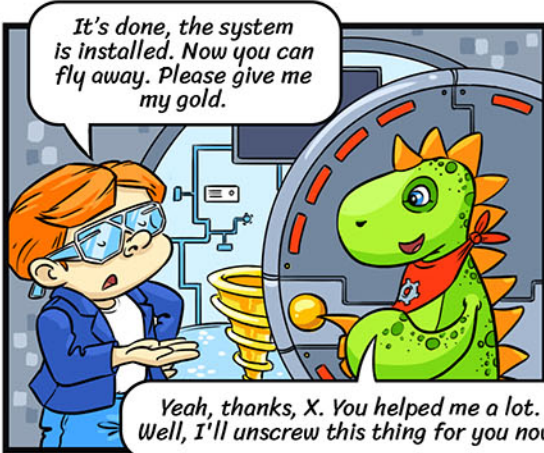

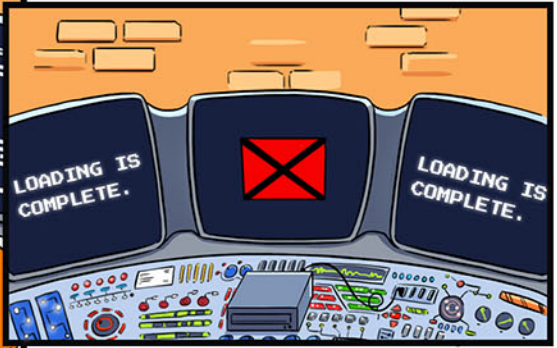

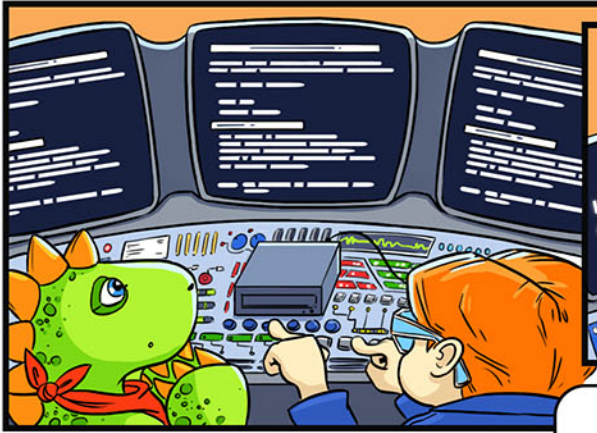

<https://tuxstories.com/>

Klasterville

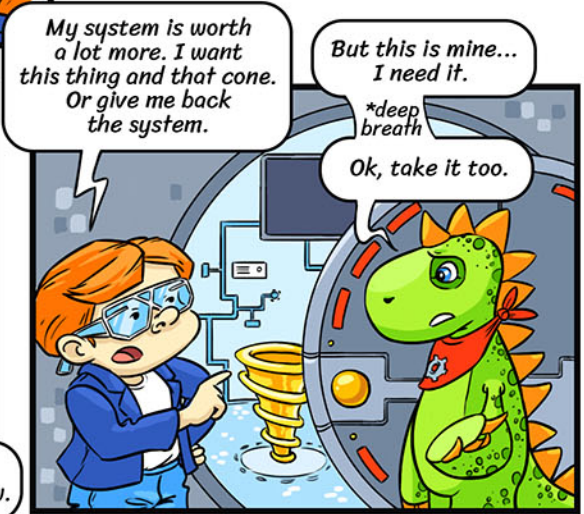

It's done, the system is installed. Now you can fly away. Please give me my gold.

Yeah, thanks, X. You helped me a lot. Well, I'll unscrew this thing for you now.

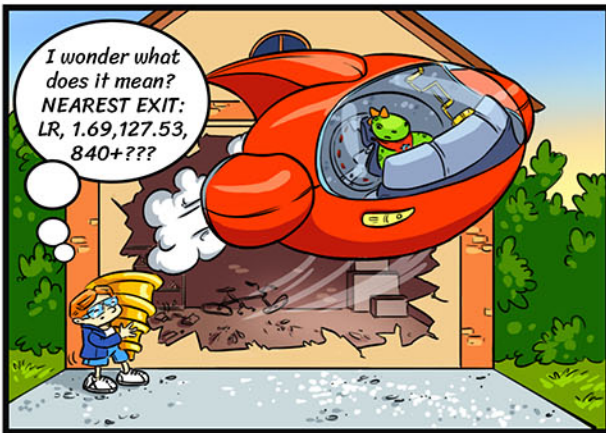

My system is worth a lot more. I want this thing and that cone. Or give me back the system.

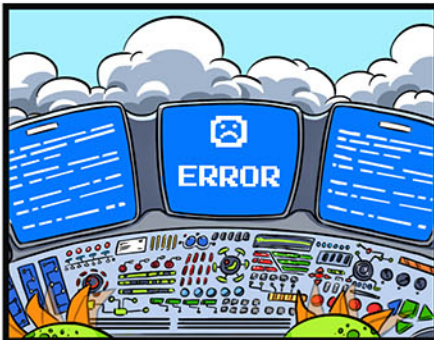

But this is mine... I need it.

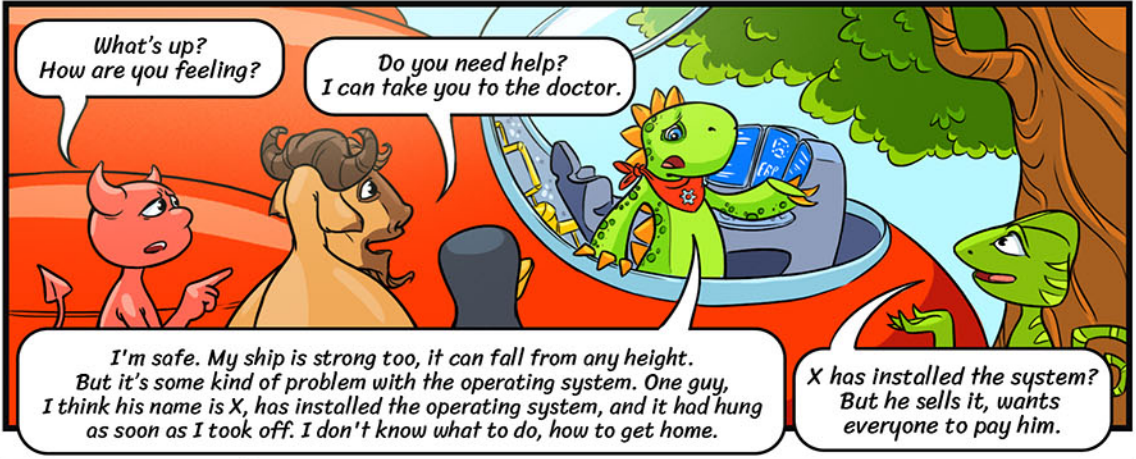

*deep breath

Ok, take it too.

I wonder what does it mean?
NEAREST EXIT:
LR, 1.69,127.53,
840+???

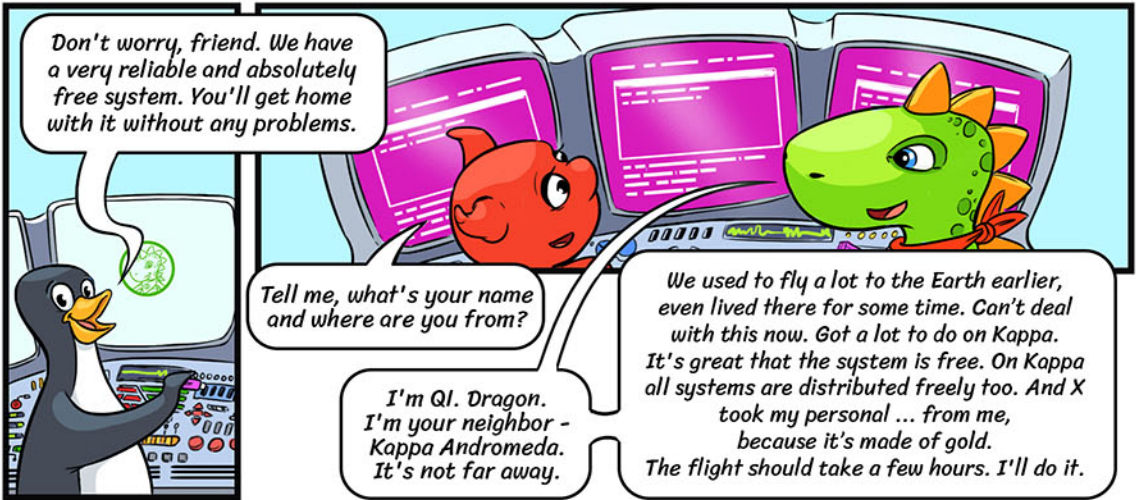

What's up?
How are you feeling?

Do you need help?
I can take you to the doctor.

I'm safe. My ship is strong too, it can fall from any height.
But it's some kind of problem with the operating system. One guy,
I think his name is X, has installed the operating system, and it had hung
as soon as I took off. I don't know what to do, how to get home.

X has installed the system?
But he sells it, wants
everyone to pay him.

Don't worry, friend. We have
a very reliable and absolutely
free system. You'll get home
with it without any problems.

Tell me, what's your name
and where are you from?

I'm QI. Dragon.
I'm your neighbor -
Kappa Andromeda.
It's not far away.

We used to fly a lot to the Earth earlier,
even lived there for some time. Can't deal
with this now. Got a lot to do on Kappa.
It's great that the system is free. On Kappa
all systems are distributed freely too. And X
took my personal ... from me,
because it's made of gold.
The flight should take a few hours. I'll do it.

It's done, QI,
the system is installed,
now you can go home.

Thank you, friends. This is exactly
the system I need. On Kappa we catch
your Internet and have downloaded
to ourselves. Our distribution is called
Alpha. All our ships fly on it.

Thank you, friends.
We're sure to meet
again!

QI, come back again!

Gold of the highest standard.
Amazing purity!

Soon they all will pay me.
Soon. It will be very soon...

We tender our thanks for the support to the people and communities for whom Penguin Tux is far more than just a penguin.

We invite to support the project everyone who loves cool comics, looks for interesting books for their children or is just a fan of Tux, Beastie, Duke, Tuz and other wonderful heroes of Open Source.

All information you need is available to you on the site tuxstories.com

Support from the community is necessary for implementation – thanks to you, the world will see a cool comic book, and you'll receive the coolest rewards.

Besides the comic book itself, you can take part in creating a plot, place your name on the pages of the publication and even become a prototype of some heroes.

Together and only together we can make the world much more interesting!

**THANKS
FRIENDS!**
